Annual Report 1970

Bristol, New Hampshire

NATE MORRISON

A legend in his time. An era at town meeting come to an end. A poor man who wasn't poor. An uneducated man who possessed more than books could give. Never really understood by many yet respected by all. As road agent, he rendered a service to HIS town of Bristol which will be hard to duplicate. They all add up to Nate Morrison.

Nate loved his town meeting more than anything else. And the town report was like a yearly bible to him. Every word and figure was closely scrutinized. To Nate Morrison, town meeting was that day of the year a man should speak his mind. And Nate did precisely that. He didn't hesitate to publicly tangle with the selectmen, other town departments or even the moderator over the years. In return, he would solicit the aid of the voters to uphold his own highway department. In the long run he won many a battle and he also lost his fair share. But the next day he was just Nate again.

A few typical town meeting remarks as taken from recordings of recent years will show us why Nate Morrison will long be remembered.

"Mr. Moderator! This is a wicked article!"

"For you people who this is the first time that you see me up here. This is my town meetin'."

"Will somebody help old Nate and write this amendment for me?"

"Just a moment you voters while I put on my dollar, ninety-eight cent Woolworth glasses so's I can read this."

". . . and we went on Mayhew Turnpike. Nice people up there, but no better than on Fourth street."

"I would, ah, love to answer Cummings!"

"Now ah . . . Bowdoin! I hope you don't call me Mister again."

"This is pretty small stuff and it's startin' zonin'."

"A trailer can be a man's castle. A trailer can cost four or five hundred dollars or . . . Why it can cost almost as much as Jimmy Cooper's house and that's the most expensive one there is in town."

". . . and our voluntary fire department and men are wonderful. But we had a public budget meetin' and I told 'em . . ."

"I'm against the raise in the Community Center. And my conscience don't trouble me to tell all you voters this."

SELECTMEN'S REPORT

This is the first of what we hope to be an annual message to the people of Bristol. It is the intention of this report to point out the highlights of the past year and to perhaps dwell on some aspects of the future.

A major consideration of the past year was the Sewage System. The problems were many and a few still remain. It is operating and the village is hooked in. A special note of thanks to the Sewer Commissioners who worked long and hard. Their task was difficult and they met it admirably.

We have experienced numerous personnel problems the past year but of late things seem to be working out well.

The increased pressures from State and Federal agencies in the area of water pollution control and air pollution are matters of consideration. In the foreseeable future extension of municipal utilities to Newfound Lake are imminent. What the town does with its rubbish is another problem on the horizon as air pollution measures become more stringent.

Property development within Bristol is progressing at a commendable rate. Sub-divisions in town and at the Lake are progressing well. This is bound to expand our tax base and be helpful to all property owners as we get more people to share the tax burden. We are particularly fortunate in that much of our development is seasonal. The price of all services seems to increase and one way to keep tax rates down is continued growth.

Bristol is particularly fortunate to have good stable industry and being a resort area reap the benefits of tour-

ism. This provides adequate employment and a healthy business climate not enjoyed by all small towns.

The selectmen would like to thank all of the various town officials, departments, and employees who have helped throughout the year. Unselfish dedication seems a trait well dispersed among our official town family and community as a whole. The efforts of all involved add up to a better Bristol. Our ever expanding society sets a pace which is sometimes difficult to keep up with.

In closing we would like to quote an old Indian Prayer which one should keep in mind before criticizing his government or his fellow man.

Great Spirit
Grant that I may not
Criticize my neighbor
Until I have walked a mile
in his moccasins

Thank you for your continued cooperation.

TAX COLLECTOR'S REPORT

Richard W. Clancy – Tax Collector

Year Ended December 31, 1970

Bristol's tax rate decreased in 1970 for three main reasons; we had a substantial increase in taxable property, the state business profits tax replaced our sizeable stock in trade tax along with an additional 10%, and the school needs remained relatively the same as in 1969.

The amount of 1970 taxes collected, compared on a percentage basis with 1969 was about 89% for both years. We had hoped that the new 9% interest rate would stimulate collections, but we also thought that a slow economy might hinder them. Apparently neither had much effect. We should mention that Bristol has, for many years, ranked very high in percentage comparisons with other New Hampshire cities and towns.

The 1970 special session of the Legislature produced several important changes in taxation. We anticipate more at the regular session in 1971, which, hopefully, will rely on areas other than the property taxpayer.

In this, my final report, I humbly thank those who have supported and assisted me during my terms in office.

RICHARD W. CLANCY

MINOT-SLEEPER LIBRARY

Report of the Board of Trustees For the Year 1970

Once again our circulation has climbed. We are gratified that last year's favorable trend continues. The continuing increase in circulation of the "junior" books is particularly pleasing. A Summary follows:

	1970	1969	change
Adult	6833	6542	+291
Junior	3507	2498	+1009
Magazines	2709	1716	+993
Other	775	1000	-225
	<hr/>	<hr/>	<hr/>
Totals	13824	11756	+2068

The increasing cost of magazines is being cocentered, in part, by the purchases of multi-year subscriptions and the elimination of magazines which do not circulate.

A committee of Trustees is actively considering possible additions and renovations to our building. Funds are available, restricted to that purpose, and we hope that 1971 will see the development of firm plans.

The Trustees deeply regret the loss of our long time colleague, Mrs. Arthur Phillips. Her help will be missed. May we also acknowledge with regret the resignation of Mrs. Curtis Mooney whose services on the book selection committee will be missed.

Mr. Gordon Dole and Mr. Irving Faller have been appointed to fill the unexpired terms of Mrs. Phillips and Mrs. Mooney.

The Trustees thank our Librarian, Mrs. Doran and her assistant, Mrs. Dickinson, for their loyal and diligent services.

The Trustees of
The Minot-Sleeper Library

REPORT OF THE BEACH COMMITTEE FOR THE YEAR 1970

We wish to offer a loud vote of thanks to Gaylord Cummings for his considerable time and efforts spent on the Town Beach. Gaylord resigned earlier this year for reasons of health.

Ann Eaton has accepted the appointment to replace our retiring senior member.

The major improvement of this past year was the installation of a drainage culvert and drying up of the swampy area at the west end of the beach. A number of checks through the summer showed a consistently low bacteria count.

The Beach Committee operates without any direct tax funds. Sufficient funds come in from the Proctor Capital Reserve Fund, Beach stickers sold to those who use the beach, and payment of fines. We have managed to do what needs to be done within the budget these provide.

Respectfully,

ANN EATON

WALTER CORBEIL

HAROLD H. WADE, JR.

REPORT OF THE BRISTOL FIRE DEPARTMENT

The Bristol Fire Department wishes to take this opportunity to summarize the fires and their activities of this past year.

The Department responded to 38 calls from Dec. 1, 1969 to Nov. 30, 1970. There were 10 structural fires, 4 chimney fires, 6 Mutual Aid calls, 4 flooded burners and/or motors, 4 car and truck fires, 2 false alarms, 1 bomb scare, 1 dump fire and 6 miscellaneous fire calls.

Minor repairs were made to the two "dry hydrants" at Newfound Lake. No new hydrants were installed this past year as it was felt that it would be more profitable to wait awhile and see just what problems might arise with these, if any at all.

Several of the firemen attended the Fire School held at Lily Pond. Others participated in a State conducted class. Part of their training consisted in the burning of a building in Franklin. Here they practiced different attacks and methods of ventilation of fires. More classes will be held in the future on other aspects of fire fighting.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture - to bring about this change we make the following suggestions :

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if in an incinerator, grass burning, as well as garden trash and brush burning such burning is restricted by regulation to prior to 9 a.m. and after 5 p.m. with the following exceptions :

Commercial or industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.

2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children, keep matches out of reach of children, this action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?
3. Forest fires caused by smokers can be reduced in number

by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help," and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

State	484 fires	-	244 acres
District	29 fires	-	13½ acres
Town	4 fires	-	.4 acres

NEWFOUND AREA NURSING ASSOCIATION

January 1, 1970 through December 31, 1970

A full time visiting nurse service was started on July 1, 1969. The Newfound Area Nursing Association became Medicare certified on August 20, 1969. It is supported by contributions from the four-town area which it covers: Bristol, Bridgewater, New Hampton and Alexandria. The office is located in the Bristol Medical Center. Twenty-four hour coverage is available in the event of emergencies. When the Visiting Nurse is making calls, the telephone is covered by an answering service located in the Community Service Office from 9:00 A.M. to 4:00 P.M. This year NANA purchased a new black Jade Maverick to be used by the Visiting Nurse. It can be easily identified by NANA's own gold insignia painted on the side and the identification number plate NANA1. The nursing staff has increased with the addition of two part-time nurses. The total number of nursing visits for 1970 was 1585, with the break down as follows:

Skilled nursing care visits:	1303
Physiotherapy visits:	61
Health promotion - no charge visits:	218
Consultation visits:	3

These nursing visits covered all age groups with a varied number of problems as can be seen by the following: 17 visits were made to age group newborns to 1 yr.; 31 visits to children 1 to 4 yrs.; 37 visits to age group 5 - 17 yrs.; ten visits to age group 18 to 20 yrs.; 107 visits to age group 20 to 44 yrs.; 235 to age group 45 to 64, and 1148 visits to people 65 and over.

The nurse has participated in the following activities in 1970:

1. Nursing Conferences: 19
2. Staff Conferences: 29
3. Annual NANA meeting: 1/28/70
4. Medicare Clinical Audit: 3
5. Professional meetings: 5
6. Community Service conferences: 6

Auditor's Opinion

February 8, 1971

Newfound Area Nursing Association
Bristol, N.H. 03222

I have examined the balance sheet of the Newfound Area Nursing Association as of December 31, 1970 and the related statement of income for the year then ended. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

Although I did not confirm the accounts receivable, I satisfied myself that the amount shown, \$2,666.00, represents amounts due from individuals, the State of New Hampshire, and Medicare for nursing services rendered.

Subject to the preceding comment, in my opinion the accompanying balance sheet and statement of income present fairly the financial position of the Newfound Area Nursing Association at December 31, 1970 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

BRISTOL PLANNING BOARD

Report to Board of Selectmen, Bristol, N. H.

January 31, 1971

During 1970 The Planning Board held 14 meetings and made six field inspection trips.

Three sub-divisions were given final approval, and one conditional approval.

Four requests for approval were voted not to be under the jurisdiction of the Planning Board.

The Board was requested to inspect two roads to see if the town should take them over. It was the Board's recommendation to the Selectmen that these roads not be taken over at this time.

The Planning Board met with the representative from the State Planning Office. At this meeting problems in all phases of planning and zoning were taken up.

The Board feels that with the increased growth of Bristol new sub-division and zoning regulations should be considered in 1971. This would hopefully enable the Board to put any recommendations before the voters at the 1972 Town Meeting.
